

TWO HELD FOR BURGLARY AT REELSVILLE

GEORGE BENNETT AND GEORGE
SCOTT TAKEN INTO CUS-
TODY BY OFFICERS

ONE SIGNS A CONFESSION

Third Alleged Store Robber Makes
Escape and Is Being Sought
For Part in Robbery

Two Putnam county young men were in custody and a third was being sought Thursday by county and city officials in connection with the robbery of the Charles Reel store at Reelsville Sunday night.

Those in custody Thursday were George Scott, 22, living east of Fillmore, and George Bennett, 23, living on Commercial Place, east of Greencastle. Morris Bee, stepson of Earl Coffman, living northeast of town, was being sought by officers in connection with the crime.

Scott and Bennett were taken into custody early Thursday morning by Sheriff Alva Bryan, City Marshal Otto O. Dobbs and State Motor Police Roy Newgent, at their respective homes. Both were said to have admitted the burglary, Bennett signing a written confession. Part of the stolen goods was recovered at Bennett's home.

The three young men are alleged to have borrowed a car belonging to Lewis C. Garrett, brother-in-law of Scott, Sunday night, which was used in the burglary. They drove the car to Reelsville where they broke the glass out of the store door to gain entrance. Cigarettes, tobacco, safety razors, cigarette papers, chewing gum, cough drops, one dollar's worth of pennies and other articles to a total value of about \$50 were taken.

Returning home the young men split their loot in three ways, Bennett hiding his under some hay in an old barn near his home in Commercial Place where the officers found it Thursday morning following his arrest. Scott said he hid his share in the store garage in south Greencastle but that it had been removed from his hiding place by unknown parties.

Bee was reported to have left town Monday morning in company with another young man. Relatives were unable to say where he went.

Robbery of the store was traced to the young men through the license number on their car which was obtained by a Reelsville citizen who noticed the car parked near the store Sunday night and later saw it go through Pleasant Gardens.

UPHOLDS BEER LICENSE

FORT WAYNE, Ind., Aug. 10, (UP)—Judge Bert Fagan upheld the state's right to require beer dealers to have a license yesterday when he overruled a motion to quash the affidavit against Carl McBride, charged with selling 3.2 beer without a license. Judge Fagan set Aug. 16 as trial date for McBride.

Charging that the beer law was unconstitutional, the defense argued that McBride needed no license.

The prosecution argued that the state had the right to require a license and that the defendant, not having one, had no right to question constitutionality of the law.

DIVERS HUNT BODIES

HONOLULU, T. H., Aug. 10, (UP)—Navy divers today hunted in the sea off Fort Wheeler for wreckage of a plane that carried five navy aviators to death.

The wreckage held four victims, it was believed. The body of one, thrown clear of the plane as it struck the ocean surface, was recovered.

Machinist's Mate M. A. Tuft was the sole survivor. He was taken from the water by a speedboat which put out from Fort Wheeler, a mile distant, when the big seaplane fell.

PROHIBITION BUREAU PASSED OUT WEDNESDAY

WASHINGTON, Aug. 10, (UP)—The federal prohibition bureau, set up 13 years ago to dry up the country under the 18th amendment, passed out of existence last night as a separate organization.

In its place today was a newly formed division of investigation in the department of justice, absorbing prohibition enforcement, investigating and criminal identification agencies of the government.

ANNUAL PICNIC RAIN

It seldom fails to rain on the date of the Quincy picnic and this year was no exception. However, the rain storm came during the early hours of the morning instead of after the crowd had gathered at the picnic grounds.

COUNTY OWES

\$659,437.42 IN
ROAD BONDS

TOTAL OF \$165,679.68 IN PRINCIPAL AND INTEREST DUE IN 1934

FAILED TO PAY THIS YEAR

Townships And County Will Have To
Retire Bonds And Interest For
Two-Year Period.

Putnam County's township and county unit road bond indebtedness is \$659,437.42, according to figures available in the county auditor's office. In 1934 the county and township will owe a total of \$165,679.68 in bonds and interest due for the years 1933 and 1934.

An attempt to pay off the county unit and township road bonds due in 1933 from the gasoline fund so far has failed pending the outcome of a suit filed in circuit court to test the legality of such a move.

In the event the courts rule that it is illegal to use gasoline funds to retire road bonds and interest, Putnam county taxpayers next year will face increased tax levies to raise sufficient money to retire the bonds and interest due in 1934 as well as the delinquent bonds and interest due in 1933.

Townships of Putnam county owe \$385,597.42 in township bonds while the county unit road bond indebtedness is approximately \$273,840, making a total of \$659,437.42 which the county owes in road bonds alone.

The county auditor has computed the following amounts which each township will owe in 1934 for bonds and interest due in 1933 and 1934 and old outstanding bonds and interest which have never been presented for collection:

Jackson	\$5,192.85
Franklin	\$7,601.26
Russell	\$10,507.83
Clinton	\$4,324.84
Monroe	\$6,594.70
Floyd	\$6,227.38
Marion	\$11,802.97
Greencastle	\$74,918.90
Madison	\$3,952.38
Washington	\$11,344.40
Warren	\$4,694.68
Jefferson	\$8,894.52
Cloverdale	\$9,622.97
Total	\$165,679.68

Total road bond indebtedness in each of the thirteen townships has been computed as follows by the auditor:

Jackson	\$4,080.00
Franklin	\$25,300.00
Russell	\$22,312.10
Clinton	\$14,008.00
Monroe	\$16,800.00
Floyd	\$14,312.00
Marion	\$25,497.32
Greencastle	\$1,573,398.20
Madison	\$11,802.80
Washington	\$39,130.00
Warren	\$14,778.20
Jefferson	\$18,786.00
Cloverdale	\$21,392.80
Total	\$385,597.42

WOOD ALCOHOL FOUND IN MILK INTENDED FOR INFANT

INDIANAPOLIS, Aug. 10, (UP)—Wood alcohol was found in an analysis of a bottle of milk found to have been tampered with at the home of Mr. and Mrs. Claude Marsh, recipients of a note threatening the life of their 16-months old son, police reported today.

The note was found pinned to a screen at the Marsh home late Tuesday. Yesterday Mrs. Marsh called police after finding a bottle of milk and her porch had been opened and a strong odor emanating.

Police said they were without clues in their investigation inasmuch as the family knows of no cause for malice.

ARMY RULES CUBA BY ORDER OF MACHADO

STATE OF WAR EXISTS AS
ISLAND PRESIDENT STANDS
PAT

REFUSES TO QUIT POST

Machado Takes Drastic Steps To
End General Strike. American
Woman Arrested.

HAVANA, Aug. 10, (UP)—President Gerardo Machado, appraised of President Roosevelt's views on Cuban affairs, took drastic steps today to end the general strike and save his own political career. Cuba was being ruled by the army under a "state of war."

It was believed Machado had received intimation from American officials that his continuance in power made solution of the crisis difficult. But despite persistent rumors that he would make a patriotic gesture by relinquishing office, there was no sign of compromise in his declaration of a state of war or the attitude of his first lieutenant, Secretary of State Orestes Ferrara.

Machado told the United Press he was devoting all his time to ending the strike that is in actuality a passive revolution. Ferrara said Machado must remain in office, that there must be no American intervention, and that the solution was in ending the strike and continuing mediation by American Ambassador Sumner Welles.

Anti-American propaganda broadcast from local radio stations allegedly by the government, bore its first fruit when Miss Bertha Skirving, Alabamian, in charge of the commercial cable office at the Plaza hotel, was seized by a policeman as she left the hotel and dragged screaming through the streets to a police station.

Another American watched as police took her to the central station. He telephoned Ambassador Welles and Miss Skirving was released. No reason was given for her arrest.

The incident was attributed solely to the anti-American feeling engendered among police and other government supporters by the denunciatory broadcasts which seemed undoubtedly to have emanated from government sources.

The central strike committee voted to halt the strike of omnibus drivers and transport workers, and a full meeting of workers was called today to pass on the committee recommendations.

Machado, meantime, was prepared to break the strike by force, if possible, provided he could not persuade workers to return to their jobs and feed the hungry city.

His declaration of a state of war, by which the army took control of the city, was attributed first to the number of policemen killed in revenge for the slaughter of a score of persons before the presidential palace Monday, and secondly to a plan to use the army as strike breakers.

There was little sign of a "state of war" in the streets. Knots of soldiers stood at street corners. People sat in the parks as usual, and the scene was that of a Sunday except cafes were closed.

Machado, however, made plans to use the soldiers to run transport and distribute food.

No meat was available and there were few vegetables and no distribution of milk. Many observers doubted the loyalty of the army, believing that if the workers refused to return to their jobs and fought an effort by the army to do their work, the soldiers would refuse to fire on them. The army's refusal of one of passivity or open revolt, in which event Machado would have little choice but to retire.

Secretary of State Ferrara after conferences with Machado and Ambassador Welles, granted an interview with the United Press.

"My solution of the crisis would be to settle the general strike," he said. "Then continue the mediation negotiations with the opposition where they were suspended about a week ago. The mediation was progressing smoothly."

"It is impossible for the head of the government to abandon the helm of state, especially under such trying conditions."

"There should be no intervention, and anyone talking intervention is speaking for himself. We must remain in peace and order, and not by imposition from anyone."

"The United States has always been creating and not destroying

countries. President Roosevelt is trying to be a good neighbor and the United States government is trying to unite all America for political and economic purposes, not trying to harm any nation."

"I know the ability of Ambassador Welles and I am sure he would be the first one to decide upon Cuban independence."

Ambassador Welles said the next move lay with Machado. He repeated his denials that he had delivered any ultimatum.

HUNT FUNERAL TODAY

Last rites for W. J. Hunt, Manhattan merchant, who died Tuesday, were held Thursday morning at 11 o'clock from the McCurry Funeral home. The Rev. Dallas Rissler was in charge. The body was sent to Hartford, South Dakota, his former home for burial.

McNUTT ASKS BEER RULING, BELIEF TODAY

REPORT ADDS CREDENCE TO
RUMOR OF KEG BEER IN
NEAR FUTURE

INDIANAPOLIS, Aug. 10, (UP)—Gov. Paul V. McNutt today was understood to be preparing a letter to Atty. Gen. Philip Lutz, Jr., asking for an opinion on the legality of draught beer.

Lutz said last week he was ready to declare the keg beer legal. If the attorney general rules in favor of draught beer, Paul F. Fry, state excise director, is expected to issue a regulation lifting present restrictions from the state beer control law and open the way for sale of tap beer throughout the state.

Following Lutz's ruling, McNutt is expected to issue a statement explaining his own stand.

Reports that draught beer will be legal in time for sale Monday are current about the statehouse. The fact that numerous dealers here are rushing installation of keg beer equipment adds credence to the reports.

Coincident with the understanding that the brew will be legalized, Fry and his advisers were said to be wrestling with the problem of taxing the keg product. No provision exists in the beer law for tacking the 5-cent a gallon tax on keg beer. Their work appeared to be more than merely to tax it the same as bottled beer.

BEER TRUCK DRIVER RELEASED

VALPARAISO, Ind., Aug. 10, (UP)—Ralph Barnard, truck driver for Abe Rosen, unlicensed Gary beer dealer, and a truckload of beer confiscated by police here yesterday, were released under bonds totalling \$1,100 today.

Barnard's bond was set at \$500 on a charge of illegally transporting beer, and he posted \$600 to secure release of the beer truck. He was arrested here last month by Sheriff Neil Fry on a similar charge.

BOY RETURNS HOME

HAMMOND, Ind., Aug. 10, (UP)—Twelve year old Theodore Holliday Whitaker, son of Judge Virgil E. Whitaker of city court, returned home today, broke.

When the boy disappeared Sunday morning the judge refused to institute a search for him, saying, "He'll turn up. He's merely gone to hunt Indians somewhere."

Yesterday Teddy's parents received a postal card from Chicago advising them, "I'm at the World's Fair. Will be back in October." Lack of funds hastened his return, he said.

PEACE AMONG INDUSTRIES IS AIM OF N. R. A.

NEW ATTACK ON "CHISELERS"
ALSO OCCUPIES ATTENTION
OF ADMINISTRATION

FACE THREE MAIN PROBLEMS

Food Store Owners May Be Allowed
To Work Employees Only 40
Hours Weekly

WASHINGTON, Aug. 10, (UP)—Maintenance of industrial peace and a new attack on "chiselers" occupied the national recovery administration today. It was driving forward on another sector in its effort to restore order in the bituminous coal industry.

The main problems facing Administrator Hugh S. Johnson and his associates were:

1. Efforts of the national labor board to settle strikes in Pennsylvania and elsewhere.
2. A thorough checkup to see that violators of President Roosevelt's re-employment agreements have stopped "chiseling" tactics.
3. Resumption of the coal hearings, with the company union fight nearing a showdown.

Johnson is building up a system of handling complaints against violators of codes which supposedly are already in effect. He is having the most difficulty with retail store operators who attempt to nullify effects of the agreements by staggering hours and cutting down the hours their stores are open, thus making it unnecessary to hire more men.

It was learned that if these conditions are not corrected, Johnson intends to take away the 48-hour work week modification applied to food stores and permit them to work their employees only 40 hours a week.

Missouri Next To Vote Upon Repeal

ELECTION TO BE HELD AUGUST
19. WETS CONFIDENT
OF VICTORY

The tide of prohibition repeal, having overwhelmed physically arid Arizona, swept on toward Missouri last night with its advocates ostensibly in sight of their goal.

Repeal elections yet to be held this year in 16 states will bring the total voting to 37. That is one more than the 36 required to expel the 18th amendment, should all favor the measure supported by the national administration.

Arizona's margin of 3 to 1 in Tuesday's referendum made it the twenty-first state to express opposition to the liquor control amendment. Not (Continued on Page Two)

Regular Wild West Shows Staged On Highway 36 Between Rum Runners And Hijackers

Frank Allen, living at the corner of State Roads 43 and 36 witnessed a thrilling shooting match a few days ago that equalled the olden times of the Jesse James gangs, or those of the pioneer wild west. And it all took place at the busy intersection of Roads 36 and 43 at 2 o'clock in the afternoon.

Two cars, both roadsters, one carrying three passengers and the other two, came from the west at high speed. One was slightly ahead of the other and his lead was sufficient for him to make a quick turn on 43 and drive near the old abandoned house at the intersection. He unloaded hurriedly and got set and as the second car approached, the driver opened fire with a high powered rifle. The bullets came thick and fast, Mr. Allen said, and he ought to know, because he was watching carefully from behind a

HEAVY RAIN STRIKES COUNTY THIS MORNING

FIRST REAL RAIN IN MANY
WEEKS FLOODED THIS
ENTIRE SECTION

WILL HELP ALL CROPS

Corn Crop In Many Instances Will Be
"Finished" By This Rain. Others
Will Be Aided

The best rain that has visited Putnam county since the flooded times of last spring swept over the community between midnight and four o'clock this morning and the entire section was flooded.

No t only was there more rainfall this morning than for any one period since last spring, but it was more general in this community than any other rain, and will do a world of good to all growing crops, burned pastures and late gardens.

Streams that have gone "dry" and wells that are short of water will all be materially helped by this rain. The early corn will probably not need any additional rain and there are numerous fields of corn that this rain will finish. The late corn will be helped by the downpour and pastures which have been burned to a crisp by the drought will be revived and with additional rains, there will be some fall pastures for grazing stock. Late potatoes will also be aided by this rain as will other vegetables, many of which have been planted since the eight weeks drought was broken some two or three weeks ago. All of these, as well as everything else will be helped by today's rainstorm.

Local Band Is Highly Praised

ALLIED VETERANS COMMITTEE
COMPLIMENTS LOCAL GROUP
FOR LAST SUNDAY

Ray Trembley, director of the American Legion Band of this city, on Thursday received a letter from Allied Veterans Committee, of Indianapolis, thanking and highly complimenting the local musicians for their participation in the parade held last Sunday in honor of Senator Arthur R. Robinson. The demonstration in the state capital was sponsored by the veterans organizations of Indiana.

The letter to the Greencastle band says in part:

"We all fully realize the expense and other details which you had to go to in order to bring your band to our city and this short letter of thanks fails to express our sincere appreciation but we want you to know that we feel that your band was the outstanding feature of the parade."

"If at any time in the future we can reciprocate please feel free in calling upon us and we assure you that you will have the 100% cooperation of the Allied Veterans Committee."

HOOVER 59 TODAY

FALO AUTO, Cal., Aug. 10 (UP)—Still recuperating from the strain of four years as President of the United States, Herbert Hoover today observed his 59th birthday without apparent thought of politics or affairs of state. He remained scheduled in his San Juan hilltop residence on Leland Stanford University campus.

Accused Banker

Z. D. Bonner, until last week president of the Commercial National Bank of San Antonio, Texas, who has been charged in five complaints with receiving stolen property in connection with the alleged sale of \$500,000 worth of U. S. bonds to the bank. Five others face similar charges.

MISSOURI TO VOTE NEXT

(Continued From Page One)
Missouri, where prohibition forces did not put forward slates of delegates at many recent precinct meetings, votes Aug. 19. Texas, which last year was recorded 2 to 1 for submission to the people, follows Aug. 26. Washington winds up the August elections with a vote on the twenty-ninth.

Through action of the Colorado legislature this week, its cities will express their sentiment Sept. 12, electing delegates to a convention Sept. 26. Formal proclamations have not been issued in Colorado or Utah—scheduled to vote Nov. 7—but these are considered certain to be forthcoming.

Other states to vote in September are Vermont, Maine, Maryland, Minnesota, Idaho and New Mexico. Florida will be at the polls Oct. 10 and the Carolinas, Pennsylvania, Utah and Ohio will vote Nov. 7, completing, under present arrangements, this year's balloting upon the 21st receding amendment.

An election after Dec. 5 has been authorized in Oklahoma, but it is likely to be postponed until next year.

Notice is hereby given that sealed proposals will be received by the Common Council of the City of Greencastle, Indiana, until 7:30 o'clock P. M., Tuesday, August 14th, 1933, for the regular meeting of the Common Council, at which hour bids will be publicly opened and read for the construction of the following described improvement in said city, to-wit:

To improve Elm Street from the east property line of the east side of Elm Street to the west property line of Maple Avenue, in said City of Greencastle, Putnam County, Indiana, by grading and paving the road way with Plain Concrete, Sheet Asphalt with concrete base, bituminized brick and wood block, laid on a proper and suitable foundation, all in accordance with the profile, details, plans, maps, and specifications on file in the office of the City Clerk of Greencastle and being Improvement Resolution No. 1, 1932, of said Common Council.

The total estimated contract cost of such improvement for the various types of pavement is as follows:
Brick Paving, \$74,94.00
Sheet Asphalt, \$13,024.00
Plain Concrete Paving, \$10,110.00
Sheet Asphalt, \$13,024.00
The bids for the above named improvement will be at said time and place examined and considered, and the Common Council will proceed without unnecessary delay to designate by preliminary order the kind of construction of said improvement, the said Common Council expressly reserving the right to reject any and all bids and to judge of the character and sufficiency of the materials bid upon. Each proposal shall be filed with the City Clerk before the hour of opening the bids. Each bidder is required to deposit with his bid a certified check for an amount not less than two and one-half per cent of the Engineer's estimate of the improvement bid upon, said check to be certified by a reputable bank doing business in Indiana. In case the bid is accepted, the check will be returned to the bidder; but if the bid is rejected and the bidder refuses or declines to enter into a contract with the City of Greencastle, Indiana, within ten days from the time he shall have been notified of the acceptance of the same, said check and the proceeds thereof shall be deemed to be liquidated damages for failure to do so.

Each proposal shall be itemized as to each item of work to be done and materials furnished, with unit or separate prices. The successful contractor shall guarantee and warrant the workmanship and materials used in said work for a period of three years, and said contract shall contain the guarantee set forth and worded on page 326, 1927 acts of the General Assembly of the State of Indiana. Plans and specifications are on file in the office of the City Clerk.

Each bidder shall file with his bid the usual statutory affidavit of non-union. The successful contractor shall execute his contract upon maintenance bonds, which shall be in such sums and with sureties the Council deems sufficient and shall meet with the approval of such Common Council.

Each bidder shall submit with his bid as a part thereof, a statement under oath of his experience, his proposed plan for performing such work and the equipment which he has available for the performance of such work and a financial statement all as provided for by the Act of 1929 of the General Assembly of the State of Indiana, at pages 689. Such forms may be procured from the City Clerk. The successful bidder shall furnish the Common Council with a certificate from the Industrial Board of Indiana that he has complied with Section 63 of the Workman's Compensation act of Indiana before entering into a contract with said City.

Permission will not be given for the withdrawal, modification, or withdrawal of any bid or proposal after the same has been filed with the City Clerk. Bidders are expressly cautioned to ascertain that their figures are correct, that they have bid on each unit required, that the bid is properly signed, the non-collusion affidavit fully and properly executed, and that the bid is in full compliance with the requirements herein specified.

Persons, firms, corporations submitting proposals shall demonstrate to the satisfaction of the Common Council that they have the proper facilities, expert workmen and experience to carry out the provisions of the contract in a proper manner; otherwise their bids will not be considered. Bidders must satisfy themselves by a personal examination and investigation of the location of the proposed work, and by such other means as they may choose as to the accuracy of the estimates of the work to be done, and shall not at any time after the opening of the bids dispute or complain of the statement of the Engineer, nor assert that there may be any misunderstanding as to the nature or the amount of work to be done.

Witness the seal of the City and signatures of the Mayor and City Clerk thereof, this 5th day of August, 1933.

Veronica Club Picnic
Held Wednesday Evening

The members of the Veronica club entertained their husbands and families with their annual picnic at the home of Mr. and Mrs. W. T. Handy on Wednesday evening. A bountiful basket dinner was served on the beautiful lawn of the Handy home.

Following the meal, the yard was illuminated by electric lights strung through the trees and outdoor games and contests were enjoyed.

Much credit for the success of the meeting should be given the program committee and Mr. and Mrs. Handy for their generous hospitality.

Section Four

Met Wednesday

Section Four of the Christian church met Wednesday afternoon with Mrs. Elmer Gibson. Assistant hostesses were Mrs. E. R. Bartley and Mrs. Dora Ruark.

After the business was transacted seventeen members answered roll call. Four guests, Mrs. Roy Brown, Miss Geneva Brown, Mrs. Lawrence Long and Mrs. William Allee, were also present.

A program consisting of two selections on the accordion by Miss Brown and a paper on "The First Christian Church of Greencastle" by Mrs. Bartley, was given.

During the social hour the hostesses served refreshments of ice cream, angel food cake and ice tea.

Miss Vera Worth Becomes

Bride of Dr. Blanchard

Miss Vera Worth, registrar of De Pauw University and Dr. William M. Blanchard, dean of the University, were quietly married at the home of the bride in Wabash, Indiana, Wednesday afternoon at 3:30 o'clock. The ceremony was read by Prof. H. B. Gough of Greencastle and was witnessed by only the immediate members of the families.

Following the wedding ceremony, Dr. and Mrs. Blanchard left on a motor trip through the east, and will be at home to their many Greencastle friends after September 1, at the Blanchard home on south College avenue.

Gree-ton-Bartley

Nuptials Tuesday

Miss Estella Bartley of Greencastle a daughter of George Esom Bartley of Rockville, and Roy Greeson, of Camby, were married Tuesday, by the Rev. William McKeehan, Rockville R. I. Witnesses to the ceremony were Mrs. Thelma Hamm and Harold Brown.

The bridegroom is a son of Mr. and Mrs. Alva Greeson of Hendricks county and is employed as a railroad worker at Camby.

Proctor Reunion

Held Sunday

The twelfth annual Proctor reunion was held Sunday, Aug. 6, at the country home of Mr. and Mrs. Harry Albers, near Fillmore, with 107 people present. Relatives were present from Indianapolis, Forest, Danville, Maywood, and New Augusta, with the majority from Putnam county.

At noon dinner was served on tables on the lawn. Horseshoes and croquet were played in the afternoon. The president, Mrs. Harry Albers called a business meeting and the Rev. W. H. Newlin, of Crawfordsville, offered prayer. All joined in singing "Blessed Be the Tie." Songs, music and readings followed. The program ended with singing "God Be With You Till We Meet Again."

The following officers were elected for the coming year: president, Jasper Proctor; vice president, Mrs. Frances Buis; secretary and treasurer, Mrs. Ray Sallust. The reunion will be held next year on the first Sunday in August at the Emra Wright grove.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sick and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine. For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down back out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Recent substitute, 25c at drug stores. ©1931 C. M. Co.

In Memoriam

Kiwanis 11
Rotary 2
August 9, 1933

Rotary—deceased.
Here lies in peace;
Their team went bust
Excuse their dust.

—Paid epitaph (by a
Kiwanian).

SOFT BALL CHATTER

"Jimmie"

The Kiwanis team experienced little difficulty in drubbing the Rotarians, 11 to 2, in a 5-inning contest Wednesday afternoon on McKee field. The Kiwanis outfit jumped into a 4 run lead in the opening frame and this proved enough of an advantage to put the game on ice.

Sam Hanna and Ralph Hufferd formed the battery for the victors while Jake Eitel toiled on the mound for Rotary with Frank Schoenman behind the bat.

The standing between these rival aggregations is now all tied up at 2 games apiece. The rub tilt will prob-

ably be played next week.

A combined Kiwanis and Rotary lineup will oppose the fast stepping Phi Delta Kappa squad in a practice game Friday afternoon at 6 o'clock. The contest will be staged on the diamond at McKee field and should prove a red hot affair.

The Kiwanis-Rotary nine will be composed of the following players: Hanna, pitcher; Hufferd, catcher; Rhea, first base; Edmonson, second base; Etter, shortstop; Chapman, third base; Zeis, right field; Stewart, centerfield; Handy, left field.

The Phi Delta lineup it was said will be: Shannon, pitcher; Irwin, catcher; Crawley, first base; Goldberg, second base; Beq, shortstop; Allen, third base; Miller, right field; Handy, centerfield; Masten, left field.

The game will be played on a 45-foot base line diamond instead of the 60-foot size that the Kiwanians and Rotarians have been using. The smaller playing dimensions makes it imperative that the infield especially be on their toes all the time and tends to make the game faster.

The Kitty league teams are getting a "big kick" out of their weekly encounters and to date the Mullins array or sluggers are holding down the driver's seat with six games won and not a single defeat to blot their record.

BASEBALL SUNDAY

The Morton Merchants will clash with the strong Crawfordsville colored baseball team Sunday afternoon at Morton. A real game is expected and indications are that a large crowd will attend.

GIVE PUTNAM COUNTY WHEAT QUOTA FIGURES

Putnam county's wheat production average, upon which the county allotment will be based under the Agricultural Adjustment Administration's plan for wheat production adjustment, is 24,278 bushels.

This figure, which has been determined by the United States Crop Reporting Board, represents the average total annual production of wheat in the county for the five-year period from 1928 through 1932, inclusive.

The county allotment, which is set at 54 percent of this average production to conform with the percentage of the total national wheat crop which is consumed domestically as human food, totals 12,945 bushels. This allot-

ment is the maximum total upon which individual compensation payments can be made within the county.

If all wheat growers in the county should decide to "come in" on the wheat reduction program, the total of their domestic allotments would reach approximately the same figure as the county allotment.

The compensation payments will be based upon these individual allotments. The amount of payments which will be made will depend upon the number of wheat growers who take advantage of the opportunity to participate in the wheat program.

ALBINO TADPOLE NOW CREAMY FROG

HARRISBURG, Pa.—An albino tadpole that has developed into a frog—a rarity in nature—was exhibited at the state fish commission.

The animal was reared by C. S. L. Steigerwalt, who captured six albino tadpoles, and through careful feeding, succeeded in raising them.

The frog, fully developed, has a creamy color and pink eyes.

Husband Pleased After Wife Lost BULKY FAT

Reduced 21 Pounds—Skin Clearer and Feels Much Better

"I've lost exactly 21 lbs. with 3 jars of Kruschen and am so happy to get rid of that bulky fat. My husband is very pleased with me. My skin is clearer and I feel so much better since I'm not so heavy on my feet. Friends say I look much better." Mrs. Norma Spickler, Maugansville, Md.

To get rid of double chins, bulging hips, ugly rolls of fat on waist and upper arms SAFELY and without discomfort—at the same time build up glorious health and acquire a clear skin, bright eyes, energy and vivaciousness—to look younger and feel it—take a half teaspoonful of Kruschen Salts in a glass of hot water every morning before breakfast.

One jar last 4 weeks and costs but a trifle at Mullins Drug Store or any drugstore the world over. Make sure you get Kruschen because it's SAFE. Money back if not satisfied.

CLARK COMMISSION PLANS PROGRAM ON ANNIVERSARY OF PACT THAT ENDED REVOLUTION

VINCENNES, Ind., Aug. 10.—The program was announced today by Christopher B. Coleman, executive secretary of the federal George Rogers Clark sesquicentennial commission for the observance on Sunday, Sept. 3, of the one hundred fiftieth anniversary of the treaty of Paris, which closed the war of the American revolution. The program is in charge of a committee consisting of D. Frank Culbertson, Vincennes, chairman; Lew M. O'Bannon, Corydon; Clem J. Richards, Terre Haute; Luther Ely Smith, St. Louis, Mo., and C. B. Coleman, Indianapolis.

The celebration will take place at the national memorial, now nearing completion, on the site of Fort Sackville, Vincennes, commemorating the acquisition of the old northwest by the United States in the treaty of Paris. The memorial plaza occupies the site of the battle in which George Rogers Clark, after his famous march from Kaskaskia, Ill., compelled the surrender of Col. Henry Hamilton, the British commander in the northwest.

The state of Indiana, the city of Vincennes and Knox county provided the site for the memorial for which the national government has made a total appropriation of \$1,750,000. Frederic C. Hiron and F. W. Mellor of New York City are the architects of the memorial building and Bennett, Parsons & Frost of Chicago are the architects of the grounds and advising architects for the adjacent bridge over the Wabash river.

The treaty of Paris added to the United States the territory between the Ohio river and the Great Lakes, all of which had been attached to the province of Quebec in Canada.

The revolutionary war resembles the world war in that peace was not concluded until long after fighting

had ceased. The diplomats of the revolution, however, came well under the time limit set by the statesmen of the world war. Only a few minor engagements took place between the Americans and the British and their allies after Cornwallis' surrender at Yorktown, but the diplomats did not draw up preliminary articles until the fall of 1782.

The American representatives were Benjamin Franklin, minister to France; John Adams, minister to Holland, and John Jay, minister to Spain. They signed the definitive treaty at Paris on Sept. 3, 1783, and historians have universally given this date to the treaty. However, it was not ratified until the following year. This compares favorably with the end of the world war in which fighting stopped with the armistice, Nov. 11, 1918, but in which the United States did not officially declare peace with Germany until 1922.

The program for the celebration at Vincennes of the sesquicentennial of the peace of Paris includes laying of the cornerstone in the building of the national memorial, popularly known as the George Rogers Clark memorial, and the dedication of the new interstate bridge over the Wabash river which is architecturally part of the memorial. The bridge is to be dedicated at noon with addresses by Gov. Paul V. McNutt of Indiana and Gov. Henry Horner of Illinois. At the laying of the cornerstone, the principal address will be delivered by Senator Simon D. Fess of Ohio, chairman of the George Rogers Clark sesquicentennial commission, who, in addition to being United States senator, is also a historian of note. An official copy of the treaty of Paris will be placed in the cornerstone.

End Of Year-Long Voyage

Captain Alfons Hansen of Norway, with his cat, "Caret," and his dog, "Mate," his only companions on the long voyage traced in the map. At right is his thirty-six-foot boat, "Mary Jane" in which he made the 10,000 mile voyage from Oslo. Hansen left Norway in August, 1933, and is shown here as he arrived in Chicago on August 8.

Reach for
a Lucky
—for always
Luckies Please!

A woman's reason
for liking a man's cigarette

Maybe you'll think I'm a bit inconsistent. Most things I'm fond of are really quite feminine... dainty, frilly frocks—delicate desserts—yes, and delicate compliments, too. To me my cigarette is a personal thing—it touches

my lips—so give me one with real character. For some reason or other, I find that whenever I reach for a Lucky, always "Luckies Please". They're as mild and pure as can be—I wonder if "Toasting" isn't the reason after all

because "It's toasted"
